## Voluntary Carbon Markets Disclosure Act

We make various claims on this website and the reports, press releases, and other documents provided thereon that relate to our environmental initiatives and greenhouse gas emissions. Such claims can be identified by references to emission and carbon reductions or initiatives and similar environmental goals, such as our carbon neutral operations, 2030 emission reduction goals, and net zero aspirations.

Information regarding these claims and our progress, including third-party limited assurance of our greenhouse gas emissions, is available in our Corporate Responsibility & Sustainability (CRS) reports (including archived reports) in the [CRS Resources](#) section of Visa's corporate website.

The disclosure made in this section is provided and speaks only as of January 1, 2026 and relates to claims made in fiscal year 2024. We undertake no obligation to update this information other than as required by law. Links to the websites above in this section are provided for convenience only, and the contents of these pages are not incorporated by reference onto this page.
